

# GIVE, SAVE, SPEND DIY JARS

**“... You can’t serve God and Money at the same time.”  
Matthew 6:24 NIRV**

Having money isn’t bad! Serving money instead of God is. Choose to serve God with your money: always give a tenth of your money to Him, first. Then plan how you can give, save, and spend the rest!

## You’ll Need

- Give, Save, and Spend Labels printed
- 4 Jars, cans, or other containers
- Tape
- Something to write with

## What to Do

1. Each person cuts out their labels and tapes them to their containers.
2. Decorate containers if you want.
3. Talk about why it’s a good idea for tithe to be a separate jar even though it’s still giving.
4. Talk about how much everyone plans to put in each of their jars when they receive money.
5. Post a pic of your family putting cash in their jars! **#lcparents**
